

experience

- February 2013 – Present, **Design and Development, Itibiti Ventures Inc., (Toronto)**
 Selected to build compelling collateral material and intuitive front-end development
 Role includes developing the look and feel for websites (UX, visual execution and corporate identity).
 Responsible for front-end and back-end development using HTML5/CSS3/JQuery/JavaScript/PHP.
 Fashioning graphic material for ad units, PDFs and social media presence. Continually utilize time management, project management and interpersonal skills.
- December 2011 – January 2013 **UX, Web & Graphics Dev, Intertainment Media Inc., (Richmond Hill)**
 Selected to build effective branding and creative initiatives
 Responsible for creating marketing and branding material for web, print and mobile. Leveraged programming languages HTML5, CSS3, PHP and JQuery. Specialized in front and back-end development for Wordpress and styling for mobile. February 2013 - Transferred to Itibiti Ventures Inc.
- 2002 – 2013 **Freelance**
 As a freelance designer, I have worked with mainly small independent clients, in both a design and web developer capacity, focusing on UX design and front-end user interface design.
- September 2009 – May 2010 **Marketing and Design Associate, Dept. of Student Life (Scarborough)**
 Student Work Study, University of Toronto
 Responsible for creating promotional material including posters, cards, flyers, and websites. Duties also included scheduling and organizing using strategic planning initiatives. Promoted to Project Coordinator in 2010.
- April 2008 **Volunteer, Future. Innovation. Technology. Creativity. (FITC) (Toronto)**
 Passionate volunteer and active participate in annual esteemed design and technology festival.
